FREE support, information and referrals for children of all ages across school, home, and community settings.

We provide support to families, educators, and community members who have questions about child development, disabilities, behavior, learning, inclusion, and accessing local resources.

We offer:

- Positive behavior supports
- Referrals to local resources, community activities, agencies, and services
- Developmental screening for ages one month to 5-½ years
- Hands-on resources (such as visual supports and social stories)
- Resources for transitions between programs (e.g., preschool to TK, elementary to middle school, out of high school)
- Caregiver coaching
- Technical assistance to increase inclusive services
